# RACHEL CARSON COUNCIL SPECIAL UPDATE

November 1, 2017

## Together, we Can Stop the Atlantic Coast Pipeline

*The Atlantic Coast Pipeline, which will transport fracked gas through West Virginia, Virginia, and North Carolina, will wreak havoc on human health, water, and the land. Together, we can stop the pipeline.*

### Action of the Week

**Call Governor Roy Cooper and Let Him Know That You Oppose the ACP**

North Carolina Governor Roy Cooper has yet to make a public statement on his position on the ACP.

**Give Governor Cooper a call today at 919-814-2000.**

#### Talking points

- North Carolina can really stop the ACP, a project that would reap massive profits for the owners while causing harm to many residents in Eastern North Carolina
- Department of Environmental Quality has been doing a good job of rigorously reviewing the ACP application and disapproving permits.
- As a champion of environmental issues, we hope Gov. Cooper will stand behind the rigorous examination DEQ conducts, and will deny the water permit.

**Express Gratitude  
to the  
NC Department  
of Environmental  
Quality**

Division of Energy, Mineral and Land Resources:  
*Thank them for disapproving of the pipeline owners'  
Sedimentation and Erosion plan*

**Division Director: Tracy Davis, 919-707-9201**

Division of Water Resources: *Thank them for  
questioning and delaying 401 Certification.*

**Division Director: Jay Zimmerman, 919-707-9027**

---

**Watch the  
Livestream of  
the Tribunal on  
Environmental  
Justice and  
Fracking**

[Find the link to the livestream here](#)

Both the Atlantic Coast Pipeline (ACP)  
and Mountain Valley Pipeline (MVP) routes target  
rural, poor, African American, Native American, and  
Appalachian communities from West Virginia, Virginia,  
and North Carolina to bear disproportionate burdens of  
toxic polluting fracked natural gas infrastructure. Listen  
to testimonies by impacted community members.
